ABOUT KRFH

krfh is cal poly humboldt's student-run radio station, keeping the dream of non-commercial, free-form radio alive since 1990. every day of the week, we have djs live in the booth hand selecting songs for your listening pleasure. we air newscasts, radio drama productions, talk shows, live bands and so much more. from hosting lixx shows in gist hall to documenting the occupation to holding the first ever guitar hero championship broadcasted live on air (we think), krfh has proven time and time again that with a plucky, can-do attitude and a group of dedicated student djs, the sky is the limit! with so many unique personalities and formats hitting our airwaves every day, it's hard to foresee what you'll hear next on KRFH unless you tune in (or look on our website; krfh.net).
